## GENERAL INFO

### 1. Q - Where can I find charts for BabyFeg?

A - You can click on the link of the chart logo  on the main website beside the other social links or you may click the links posted below.

BABYFEG BSC DexTools *(track 24hr volume)*	<a href="#">DEXTools</a>
BABYFEG BSC PooCoin	<a href="#">PooCoin</a>

### 2. Q - What is the contract address for BabyFeg?

A - You can find the contract address on the main website or copy paste from below.

Contract Address	0x5e8f1ac3930461a467c3a4fa349d7cfa6f211c8f
------------------	--

### 3. Q - What are the token metrics?

A - You can find details of the token metrics on our main website posted below.

BabyFEG website	<a href="https://babyfeg.io/">https://babyfeg.io/</a>
-----------------	---

### 4. Q - Is BabyFeg SAFU?

A - Yes! BabyFeg's contract has been renounced, the liquidity has been locked, the team has had two audits done, they have been doxxed by Dessert Finance as well as audited by Tech-Audit. Links to those are posted above.

5. **Q - How often will I receive my rewards/ Why aren't they showing up?**

A - The redistribution of rewards varies depending on volume and the total amount that you have. If there is low volume expect to wait a little bit longer period of time usually within 24 - 48 hours for each distribution. Once the volume picks up you may receive rewards more frequently up to two or three times a day!

6. **Q - Is there a minimum amount of tokens needed to be able to collect rewards?**

A - Yes, the minimum amount of tokens required to begin collecting rewards is **200,000** BabyFEG tokens.

7. **Q - How can I claim my rewards?**

A - Rewards are distributed automatically to your wallet so no need to manually claim. However if you wish you may claim rewards by buying as little as 1 BabyFEG token.

8. **Q - How can I track my rewards?**

A - There are a couple ways you can keep track of your rewards.

- Download the FEGtrack app from the ios store or the google play store. Simply paste your wallet address in the app and your rewards should show.
- You can also use your web browser and go to either FEGstats or FEGtrack. Links to these are posted below.

FEGtrack web	<a href="https://fegtrack.app/">https://fegtrack.app/</a>
FEGstats	<a href="https://fegstats.com/#/">https://fegstats.com/#/</a>

9. **Q - How can I calculate future rewards depending on volume?**

A - We have a rewards calculator that allows you to plug in any specific 24hr volume along with your total token amount which will calculate your rewards over time.

BabyFeg rewards calculator	<a href="https://babyfeg.io/rewards-calculator/">https://babyfeg.io/rewards-calculator/</a>
----------------------------	---

10. **Q - How does BabyFEG affect the FEGtoken Project?**

A - With every purchase of BabyFEG 7% of that buys FEGtoken and redistributes it to the holders so with every transaction we are helping to burn the total supply of FEG thus helping decrease the total amount of circulating tokens, allowing for positive price pressure to increase the value of FEGtoken over time.

11. **Q - Is BabyFEG an official partner of FEGtoken?**

A - We are not an official FEGtoken partner, however we do support the FEGtoken project and are a helping hand in its ecosystem.

12. **Q - Why is 1 billion the maximum amount of tokens one may hold?**

A - This is to prevent whales from purchasing too much of the supply which could have a negative effect on the price if they decided to dump.

13. **Q - Are we affiliated with any charity?**

A - Yes! The third largest holder which contains 2% of the supply is the charity wallet which will be used to donate to PASA (Pan African Sanctuary Alliance) to help our gorilla families in need.
